FM Construction Hires New Project Manager and Estimator

ELKHART, Ind. (September 16, 2011) – FM Construction, a local commercial construction company, and its parent company, The Tiedemann Group, are proud to announce the hiring of Tony Campanello as the company’s new Project Manager and Estimator at the corporate headquarters in downtown Elkhart. The Tiedemann Group is an organization of interrelated companies providing an array of real estate and construction services throughout the Midwest. In addition to FM Construction, the Tiedemann Group of companies includes FM Stone Commercial, FM Stone Appraisal, Eastpoint Business Centre, Lexington Business Centre, Tiedemann Realty Services and Tiedemann Wines.

In addition to developing new client relationships, Mr. Campanello will also be responsible for working with past and future clients on developing a scope of work for their projects and cost estimating and scheduling related to those projects. His specialties are renovations and retrofitting construction projects.

“We are pleased to announce the addition of Tony to our team,” said A. Carl Tiedemann, president and CEO of The Tiedemann Group. “His experience and dedication to providing outstanding customer service are a perfect fit for FM Construction.”

A resident of Goshen, Mr. Campanello has worked in the construction industry in Elkhart County for over 30 years and has lived in the county his entire life. He has completed leadership and management classes at Goshen College. He and his wife Reneé have four children and four grandchildren.

About FM Construction

FM Construction is one of the region’s best known and most highly respected builders and has been active for over 34 year in new construction, remodeling and expansion for industrial, retail and office buildings. Among its clients are many of the area’s leading corporations. As a member of The Tiedemann Group, FM Construction enjoys a solid foundation from which to operate. This financial strength enables the company to maintain employment of its highly skilled workforce, as well as allows the company to attract the best sub-contractors in the market.
